Child Protection and Safeguarding Final Inspection

FINAL REPORT

Ainm na scoile / School name	Creagh College
Seoladh na scoile / School address	Carnew Road Gorey Co. Wexford
Uimhir rolla / Roll number	76127D

Date of inspection: 05-05-2021

An Roinn Oideachais
Department of Education

WHAT IS A CHILD PROTECTION AND SAFEGUARDING INSPECTION?

A Child Protection and Safeguarding Inspection (CPSI) is a focused inspection of the implementation of the *Child Protection Procedures for Primary and Post-Primary schools 2017*. These procedures provide direction and guidance to school authorities and to school personnel in relation to meeting their statutory obligations under the Children First Act 2015. They also provide direction and guidance in relation to the continued implementation of the best practice, non-statutory guidance set out in Children First National Guidance 2017. The CPSI inspection model examines the implementation of the *Child Protection Procedures for Primary and Post-Primary schools 2017* in schools through conducting ten checks based on the procedures.

The CPSI inspection process consists of two inspections: an **Initial Child Protection and Safeguarding Inspection** and a **Final Child Protection and Safeguarding Inspection**. The two inspections are typically carried out in a school within a relatively short timeframe. This is a report on a Final Child Protection and Safeguarding Inspection.

WHAT HAPPENS DURING A FINAL CHILD PROTECTION AND SAFEGUARDING INSPECTION?

During a final CPSI, inspectors:

- Engage with learners about their learning in Social Personal and Health Education (SPHE) and Relationship and Sexuality Education (RSE)
- Conduct a focus group meeting with representatives of the parents' association / parent representatives on the board of management to explore issues relevant to school climate and parents' awareness of the school's child protection procedures, including the school's anti-bullying procedures
- Hold meetings with:
 - Designated Liaison Person (DLP) / Deputy DLP
 - Chairperson of board of management
 - A sample of school personnel
 - The SPHE coordinator
- Review the following documents:
 - Board of management minutes
 - Child safeguarding statement and risk assessment
 - Relevant school plans
 - The school's IT Acceptable Use Policy (AUP)
- Review child protection records, where these have been created.

The board of management of the school was given an opportunity to comment in writing on the findings and recommendations of the report, and the response of the board will be found in the appendix of this report.

HOW TO READ THIS REPORT

The checks conducted during this inspection are based on the *Child Protection Procedures for Primary and Post-Primary Schools 2017*.

The first section of the report indicates the extent to which the school was compliant with each of the checks conducted by indicating, in respect of each of the stated checks, whether the school was:

- Fully compliant
- Substantially compliant
- Partially compliant
- Not compliant

Some of the checks may not be relevant to a particular school, for example a school that has never had a concern in relation to child protection will not have any child protection records. In such cases, the report indicates that the check does not apply to the school by stating *Not Applicable* after that particular check.

It should be noted that the term 'school personnel' as referred to in this inspection report is used as a generic term to cover all adults who are involved in the operation of the school. It covers employees and voluntary workers and includes parent association members when they are working in the school. These personnel include, for example, teachers, special needs assistants, caretakers, secretaries, cleaners, voluntary workers in the school, paid or voluntary tutors, and parent association members helping with aspects of the work of the school.

Where a school is less than fully compliant with a particular requirement, the report provides some additional evaluative comment on the check. It also advises actions that the school should take in order to comply more fully with the *Child Protection Procedures for Primary and Post-Primary Schools 2017*.

The report also provides an evaluative comment on the school's planning for and implementation of the Social Personal and Health Education Curriculum and the Stay Safe Programme/ Relationships and Sexuality Education Programme as evident during the inspection. In providing this overview, reference is made to the appropriate quality level of the Inspectorate's Quality Continuum:

- Very good
- Good
- Satisfactory
- Fair
- Weak

A Guide to Child Protection and Safeguarding Inspections was published on the website of the Department of Education in January 2019 and can be accessed at www.education.ie. This Guide details how CPSIs are carried out and also provides the framework used by inspectors in arriving at judgements about a school's compliance with the aspects of the *Child Protection Procedures 2017* that are checked during the inspection.

Child Protection and Safeguarding Inspection Report

The checks detailed below derive from the *Child Protection Procedures for Primary and Post-Primary Schools 2017*. These procedures are designed to ensure that schools provide a safe and secure environment for all our children and through appropriate curriculum provision, provide for the incremental development of the life skills that will empower students to keep themselves safe.

In order to meet these aims, the procedures set out a number of requirements on schools relating to communicating with members of the school community about child protection matters; training of school personnel and board members in respect of child protection; reporting about child protection to the board of management; and fulfilling certain reporting and record keeping obligations in relation to child protection matters. They also detail the mandatory aspects of the curriculum that are designed to develop students' knowledge, skills, attitudes and behaviours through Social Personal and Health Education (SPHE) and the Relationship and Sexuality (RSE) programme.

Aspects of the <i>Child Protection Procedures for Primary and Post-Primary Schools 2017</i> checked	Fully Compliant Substantially Compliant Partially Compliant Not compliant Not applicable
1. The school has communicated the required aspects of the <i>Child Protection Procedures for Primary and Post-Primary Schools 2017</i> to relevant stakeholders.	Fully Compliant
2. A Designated Liaison Person (DLP) and a deputy DLP have been appointed in line with the requirements of the <i>Child Protection Procedures for Primary and Post-Primary Schools 2017</i> .	Fully Compliant
3. The board of management reports that it is aware of and discharges its responsibilities to provide information to all school personnel relevant to child protection and to ensure that available training is undertaken by all or some members of staff as required.	Fully Compliant
4. The board of management reports that it is aware of its responsibilities in relation to vetting of all school personnel and report that they discharge these responsibilities.	Fully Compliant
5. A child safeguarding statement and risk assessment have been prepared in line with the template and requirements of the <i>Child Protection Procedures for Primary and Post-Primary Schools 2017</i> .	Fully Compliant
6. The minutes of the board meetings that were checked contained a record of a child protection oversight report being provided in line with the requirements of the <i>Child Protection Procedures for Primary and Post-Primary Schools 2017</i> .	Fully Compliant
7. Correct record keeping procedures were found in the child protection cases examined.	Fully Compliant
8. The procedures to report child protection concerns were fully implemented in the records examined.	Fully Compliant

<p>9. The procedures to report allegations or suspicions of abuse against school personnel were fully implemented in the records examined.</p> <p><i>(These personnel include, for example, teachers, special needs assistants, caretakers, secretaries, cleaners, voluntary workers in the school, paid or voluntary tutors, and parent association members helping with aspects of the work of the school.)</i></p>	<p>Fully Compliant</p>
-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-------------------------------

<p>10. Curriculum Check</p>	
<p>There is a Social Personal and Health Education Programme for all students in Junior Cycle.</p>	<p>Yes</p>
<p>There is a Relationships and Sexuality Education Programme (RSE) for all students in the school.</p>	<p>Yes</p>
<p>The overall quality of planning for and implementation of the SPHE curriculum and the RSE programme is Good.</p> <p>SPHE in junior cycle is well provided for on the school timetable, with first, second and third-year students accessing at least one period per week. At senior cycle, RSE is accessed on a modular basis for at least six class periods per year. Recently, the transition year RSE programme has been supplemented with four additional classes. These classes are delivered by an outside agency. Students reported that this was a welcome development although they felt that the content might be better suited to third-year students.</p> <p>The quality of the subject and programme plans for SPHE and RSE is very good. The core team has developed its communication system with parents to ensure that there is clarity and transparency in relation to the content of both the SPHE and RSE programmes. Clear timeframes are also outlined for parents and curricular plans are readily accessible on the school's website.</p> <p>During the focus group meetings held with inspectors, students' learning and understanding of key aspects of SPHE and RSE varied from satisfactory to good. While most students were generally happy with their experience of RSE, a number of senior-cycle students expressed some dissatisfaction with their experience of the RSE programme. School management and the SPHE/RSE core team should explore this issue and identify ways to improve the overall experience for these students.</p> <p>During the focus group meeting held with inspectors, parents were highly supportive of the school and commented positively on the school's atmosphere, its communication systems and on the SPHE and RSE provision in the school.</p>	

Appendix

SCHOOL RESPONSE TO THE REPORT

Submitted by the Board of Management

Part A Observations on the content of the inspection report

Waterford and Wexford Education and Training Board (WWETB) and The Board of Management of Creagh College welcome this very affirmative Child Protection and Safeguarding Inspection Report and the opportunity it has presented the school with to further enhance practices, procedures and educational provision for the safeguarding of students. The board and patron note the report's very positive findings and will continue to work in partnership with the inspectorate, Tusla, students, staff, parents and all relevant stakeholders, to continue the very high standards of Child Protection and Safeguarding evidenced by this report

Part B Follow-up actions planned or undertaken since the completion of the inspection activity to implement the findings and recommendations of the inspection.

The College acknowledges the student view that the recently introduced RSE programme (delivered by an external agency to TY students in term 3) is more suited to third years. The option of delivering this programme to students earlier in their progression through the school will be actively explored.

As already planned, the school SPHE/RSE core team will prioritise the delivery of relevant RSE to Senior Cycle students from the beginning of the 2021/22 academic year. This will ensure that any gaps in RSE provision to this student group brought about by the impact of school closures and periods of remote teaching and learning are addressed.
