Staff/Parent/Student Briefing Re: contingency measures: week commencing Dec 6th

To all the members of our school community,

Thankfully, we did not need to activate our contingency plan over the past two weeks. We have also successfully sourced additional substitute teachers. Therefore, despite the ongoing difficulties regarding teacher supply and the current levels of Covid-19 in our community, we are cautiously optimistic that we will not need to activate any such contingency plan next week (beginning Dec 6th) either.

We are not setting out a further schedule for possible leaving of year groups at home at this point, but as the situation remains somewhat volatile and unpredictable, we cannot rule out the possibility that we may have to act quickly if the situation deteriorates again.

It is vital that we all continue to observe the relevant public health guidelines; most importantly, students should not come to school if they have symptoms of covid-19, regardless of vaccination status.

We have taken measures to improve the heating situation and students should notice a marked difference with regard to rooms being warm enough despite having windows open. It should not be necessary for students to wear outdoor coats while in class, however, if it proves necessary, teachers have been given discretion to permit students to wear coats in exceptional circumstances.

Sincerely,

Paul Glynn, Principal
