Pupils are divided into groups according to the primary school they are attending as listed below. Students will be carrying out the majority of their assessment through the use of computers. They do not need any typing skills as the answers are selected by clicking on them.

Students must bring:

- A nutritious lunch with them as they will have breaks during the assessment.
- Their own headsets. These headsets need to be able to connect to the computer. Please see picture below.
 - Something to read (to keep them occupied if they finish the test early)
 - Pen/Pencil

Please note that these assessments are designed to gauge pupils' current ability levels, to identify pupils who may require learning support, and to ensure our college's general mixed ability policy is adhered to. The results of the assessment are shared with Creagh College's teaching staff to facilitate best practice in lesson planning and the identification of individual student's strengths and needs. Some primary school children can be very nervous about these tests. Please reassure

your child that these tests are for the above purposes. It is important that they do their best, please assure them there is no "pass or fail".

The assessments will conclude at 1.45 p.m.

We look forward to meeting you on the day.

Yours sincerely,

Mr. Paul Glynn.
Principal.
