Learning for life

Re: Student welfare

29 March 2022

To all the members of our school community,

In Creagh College we are committed to the provision of a positive learning experience that nurtures mutual respect and personal responsibility within a safe, fair and caring environment. That aspect of our college identity has come to the fore in recent days and we are grateful to our students and staff who have been diligent in alerting us to concerns about the welfare of fellow members of our school community. Their diligence has ensured that appropriate services have been accessed by those who have needed them in a timely fashion.

We are aware of recent incidents among the school community that have given us cause for concern and we want to assure you that we take the welfare of all members of our school community seriously. We are working with the National Educational Psychological Service (NEPS) and the HSE to address any concerns.

If you are worried or have any concerns about your own mental health or welfare, or that of your child or any family member/loved one, we encourage you to reach out to support services, some of which are listed below.

Please continue to take care of yourselves and each other,

With kind regards,

---

Paul Glynn, Principal  
Creagh College
