As you know, E-books play a fundamental part in the Wriggle Learning journey and we would love to assist you to ensure downloading eBooks on your Wriggle device is as easy as possible.

With this in mind, we have prepared a list of instructions by publisher that your child will require for the upcoming academic year.

Remember: You must purchase your physical books first in order to avail of the eBook.
Once you have the physical book, the redemption code for the eBooks will be inside the first few pages of the book or on the inside cover. You may be asked to scratch off a cover to reveal your code.

Login Details: Your login details for the publisher accounts can be found on your student sheet. Our support team can also provide these for you. If you have been in touch with our support team regarding your publisher account and login details, please allow 72 hours for this to be updated by the publishers.
